

14TH ANNUAL LEADERSHIP EVENT

CYBER SECURITY SUMMIT

Security solutions through collaboration.™

2024 SPONSORSHIP OPPORTUNITIES

24,000+ CONNECTIONS

ALL IN FOR NEXT

October 28-30, 2024
Minneapolis Marriott Northwest

Today's technology and the related threat landscape are changing at warp speed, making it hard to anticipate tomorrow. Quantum computing and generative AI promise both good and bad outcomes: even as lives are saved and cold cases solved, these tools generate deepfake deception and bolster bad bias.

The cybersecurity community protects people, processes, and property, and to combat outdated measures and tools, we must do it faster. We know we are strongest when we work together to leverage our collective strengths. For the 14th annual Cyber Security Summit, we come to the table ready to tackle emerging challenges and those beyond the horizon. We are going **All In For Next**.

14TH ANNUAL LEADERSHIP EVENT

CYBER SECURITY SUMMIT

Security solutions through collaboration.™

Interested in getting involved?

Support this important conversation about how to best protect our security, defense and infrastructure. To learn more, contact: **Jennifer Churchill at 952.356.5386 / Jennifer.Churchill@eventshows.com or Susan.Eiden@eventshows.com.**

Sample Attendee Demographics

The Summit attracts a diverse group of participants, but our primary audience is industry thought leaders.

Representation from
34 States
& **27** Countries

What makes this event unique?

Squarely centered geographically, and located alongside many Fortune 500 multinationals, the Summit bridges the divide between the technology sector on one coast and policymakers from the other. We host the Summit annually in Minnesota for the following reasons:

- Represents all 16 critical infrastructure sectors.
- Strong retail presence with Best Buy, Target and Amazon.
- Headquarters of 16 Fortune 500 companies.
- Home to the University of Minnesota Technological Leadership Institute.
- Location of the largest privately held company in the U.S. (Cargill).
- Leaders aren't just talking about cybersecurity, they are doing it.
- Major health care corridor, with UnitedHealth Group, Medtronic, Mayo Clinic and more than 700 health care/medical device companies.

1,000+ Thought leaders will come together for three days.

Attendee Title Sampling

Academic Dean	Information Security Officer
